No suggestion

NA

Very good

Need outside interactions..and things to character development of a student.

Not bad

Try to reach every student and ask for their doubts.

.

None

...

Make teaching a two way interaction

no suggestions

Need improvement

Teachers should be more interactive

Teaching should be simple

I have no suggestions

Good teaching

Adopt new technology

Make teaching a two way interaction

None

No such observations

Reduce construction during working hours

Nothing to say

No suggestion

Use better graphics and visual media to engage students well

..

Very well

Identify students learning techniques

Update syllabus

Good communication

A

Always good

Extra curricular activities

Use better graphics and visual media to engage students well.

NIL

Our department teachers are nice

Promotion of Internships.

Nothing... complete okey

1.2 internal exam is giving over stress for us so I think it's better to have one internal exam. And the balance mark can be given based on our extra curricular activities.

Give more pictures or examples to easily catch it

Give more opportunity for internship programs

By using instrumental modeling

Overall observation about learning experience at Mar Athanasius college was really good

Foster a positive social climate in the classroom

To use ICT tools

Interactions between students and teachers are good.

No any suggestions. Overall it is a great teaching-learning experience.

Never use words that hurt students.

Include more seminars

Current affair discussion

Identity the strength and weakness of each student motivate them to boost learning

Promote field visits

Use of projectors should be included

Provide extra activities through teaching

Teaching should be done with real life examples.

Placement opportunities are needed

The institute need to show up the standard of being an autonomous college bring up some upgradation in the course rather than taking the student to the stone age

Gives a small importance in extra curriculum activities

Interestin

Conduct more debates

Teachers being communicative with the students.

To limit the Seminar portion

More of visual learning can be included

Smart class facilities

Provide examples

Be on time

Nothing to improve

Continuous monitoring

Need more industrial visits

Establish a robust feedback system.

Student engagement

Overall very well teaching

Building construction make it fast

Provide study materials in Google classroom

Outside campus programmes

Involve students in your daily teaching

Use digital game based learning

Seminars and sap is help full for confidence

More practical sessions

Include soft skill development in the curriculum. It is a much needed skill when you are seeking for a job and can make students industry ready.

Give little task related to topics using crafts

Under stand the students and their needs

Try to explain syllabus content in relation with real life situations.

Extracurricular activities

Make concepts familiar to the students by introducing them real time applications .

Good Communication

Unersersity is forcing us to study outdated syllabus

Student friendly atmosphere would be effective

B

Excellent

No suggestion

Include more extra curricular activities

Supporting extracurricular activities

Promotion of Placements

Satisfactory

no suggestions

And I think the teachers should always discuss the answers of our assignment properly instead of giving majority part as assignment.

Provide more opportunity for studying skilled works

Efficiently use of projectors and 3d videos for explaining concepts

It's good

Thoroughly knowing the portions

No any suggestions

Give equal importance to all students.

Include more test papers

Field visits and trips

Evaluate the internal examinations more fairly

Giving some more gaps between the exams

Teachers should be somewhat friendly to students

Find time to interact with students for understanding their struggles

Teaching should include real life applications.

Extracurriculars are rare

Bring up qualified Teachers, mostly teachers ask the students to learn tge problems by memory istead ok asking them to learn the concept

Conduct some programmes

Experience

Use of real life examples

Encouraging both the weak and strong qualities of the students.

Field trips can be included

Wi-Fi facility

Communicate with students

Nothing to improve

Additional training

Need to improve practicals

Students learn at different paces and in different ways

Feedback

Good learning experience

Books availability is less

Include more group activities

Industrial visit

Group discussion

Establish goals and monitor progress

Teachers provide practical examples it's more effective for better understanding

Bring more entertainment programs

Make sure the availability of projector to each class

Be as a good mentor and good friend for the students

Try ICT tools while teaching

Usage of innovative methods

Make sure every student complete an Intership during their course program.

More participating activities

More practical classes

Stress free learning would be appreciated

C

Overall good

But college life is so boring

Extra curricular activities

Satisfactory

no suggestions

Teachers should properly discuss the course which we had for our P.G because it would increase our interest in studying our course

Close the semester system

By giving assignments it help students to study and search more about the concept

Good impact

Friendly communication

Trust the ability of each and every student and try to motivate them in a good manner.

Industrial visits and internships

Assign each students with task they are willing to do

Direct placements from the companies

Nothing else.

Try to support the students and make them comfort to face anything

ICT tools should be used

Staffs are rude

As being a government funded college try to bring up the standard of the infrastructure the top floor celing is done using aluminium sheet student feel so warm inside and bring up toliet facilities in all the floors

Avoid continiously exam is stressfull

More attractive

Regular feedbacks

Providing students with activities or other programs that help them understand themselves, to find their abilities on their own.

Relaxation time between each hours is required

Field visits

To inform about the opportunities available for their subjects

Assign tasks

Need internships to enhance practical skills

Feedback is essential for student learning.

Quality and peaceful environment among students

Syllabus should include more practical sections than as that of theoretical section

Projector should be needed for each class

Job related practical programmes

TEACH WITH A VARIETY OF STRATEGIES.

Maintain Note of the Phases Of the lessons

Good teaching

Make sure to keep in mind that students are interested in the topic or not

Act as a role model

Try to improve courage and self confidence among students

Conduct various programmes etc in the campus

Avoid partiality

Professional development for instructors

Na

Study tours

Overall teaching -learning experience is good

I dont no

Practicals

Nothing to improve.It is perfectly moving

Please discuss the exam questions and answers with students

To improve encouragement in students

Divide students into different groups and conduct debate or questions answers session in the class room.

Arrange the classrooms better

Provide opportunities for visiting Study based activities

Provide internship programmes along with the courses.

observation

Tally sap and other programs should include in value added course
