Employers' Curriculum Feedback 2021-22

# Employer Curriculum Feedback Report 2021-22

The employer curriculum feedback survey, conducted online, gathered responses from 15 employers our placed students. The survey comprised nine questions covering various aspects of the curriculum. Respondents were asked to rate specific items using a 5-level scale, with options ranging from "Poor" to "Excellent."

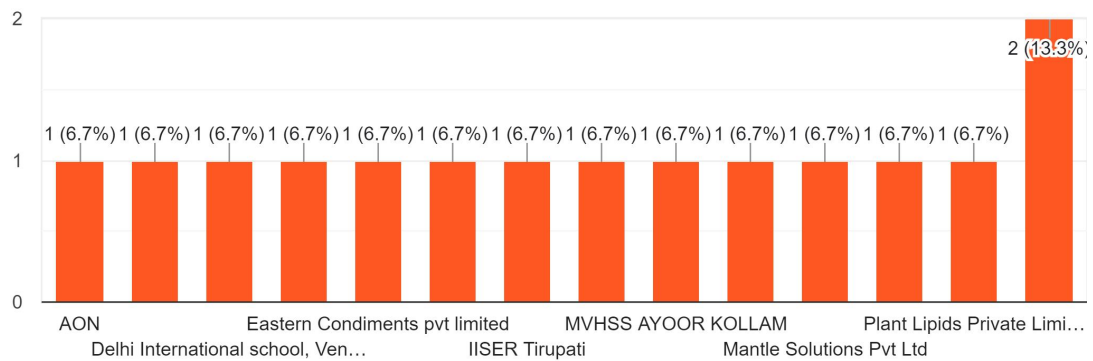

## Analysis of the Report

The employers' curriculum feedback report reflects a positive outlook, with an appreciation for the high quality of the syllabus and overall satisfaction with students' performance. They recognize the theoretical foundation provided by the curriculum. However, their constructive suggestion emphasizes the need for more practical sessions to enhance students' real-world skills and applications. Acknowledging the strengths of the curriculum, the employers' input highlights the importance of bridging the gap between theory and practice, enabling students to become better prepared for the challenges of the professional world.

Below is a graphical representation of the student responses to each question.

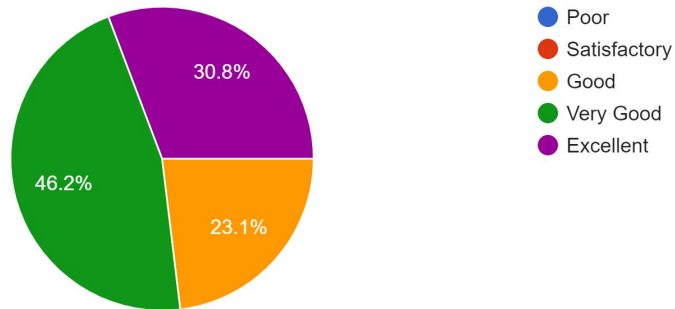

Name of the Organization (Employer)

15 responses

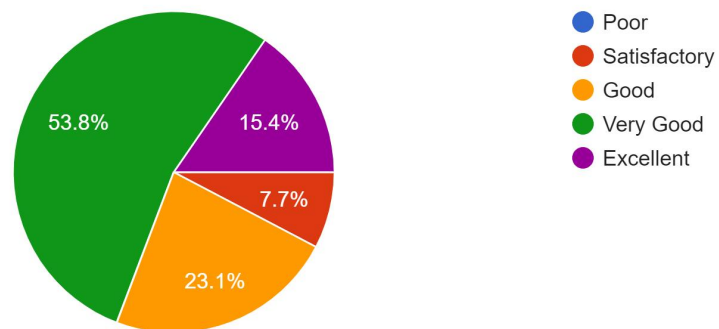

### Performance level of the student
