Student's Curriculum Feedback 2022-23

Student Curriculum Feedback Report 2022-23

The student curriculum feedback survey, conducted online, gathered responses from 837 students. The survey comprised nine questions covering various aspects of the curriculum of the college. Respondents were asked to rate specific items using a 5-level scale, with options ranging from "Poor" to "Excellent."

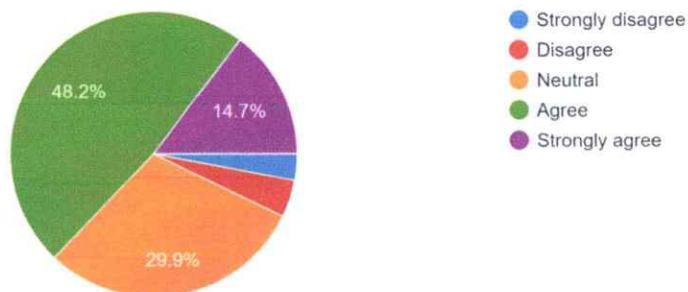

Analysis report based on the survey and suggestions:

- ❖ Students have recommended the introduction of additional value-added and certificate courses that enable them to align with industry requirements and acquire supplementary knowledge.
- ❖ Certain students have requested remedial classes or sections aimed at enhancing their academic performance and addressing any pending coursework or back papers.
- ❖ Some students have shown a keen interest in organizing venues for the exhibition and discussion of entrepreneurial ideas. They have suggested conducting workshops to explore the potential of startups.
- ❖ A group of first-year students voiced their concerns regarding the transition from a school-level syllabus to a university-level curriculum.
